

24 mars et 25 mars 2012

Vaudreuil/Dorion diving club

Welcome !

We're back. The tradition carries on ; our club and the City of Vaudreuil/Dorion welcomes you to it's 5th regional and masters competition. Through this competition we wish to promote enthusiasm towards our newest recruits by allowing them to be part of a meet suited to their regional level.

We wish to be supportive of our young divers as well as our older ones by inviting the latter to join us for this event. Given the fact that there are few competitions for this group of divers, we are moving forward by inviting them to perform on a 5mtr platform as well as on the 3mtr and 1mtr. one.

This competition will be held on March 24th and March 25th at the Campus de la cite des jeunes pool. You will find below all details pertaining to this invitation. The success of this event rests solely upon your participation.
