[Notes: 1 As of March 2002, The FINA Masters dive format was completely changed. Therefore, a new record section was implemented in 2004 reflecting this change (Riccione format.) For the 2005 World Masters Games, there was a **FINA Modified A List**, which essentially was the old format used in Munich/Melbourne, for more advanced divers. The **Modified FINA List**, which was a reduced list for novices (similar to the **Melbourne B List**), and differed from the Riccione format, which is the current FINA format for Masters competition (which we hoped would be changed in 2006 but was not.)

2. In as much as the **World Masters Games** is not an official FINA event which is held every four years, whatever records were set will stand as **WMG** records and not official **FINA** records. They will be included separately in the Records section as appropriate.

3. The next **World Masters Games** will be held in Torino, Italy in 2013. The **XIII FINA World Masters Aquatic Championships** will be held July 27-31, 2010 in Goteborg, Sweden.]
