

UNITED STATES MASTERS DIVING

NATIONAL/INTERNATIONAL CHAMPIONSHIPS

HISTORICAL RESULTS

The following are the historical results of all United States Masters Diving National Invitational Championships, plus World Masters Games, FINA World Masters Aquatics, and other selected national and international championship events. Personal thanks for the keeping and compiling of the early historical records from which these were made go to **William "Wild Bill" McAlister**, who has been with Masters Diving from the beginning. Also, to **Patty Fulton**, who received many of these records from Bill and also kept a very complete file. Without the efforts of these two, who were also Jolly John Sable Award winners, which denotes excellence in Masters National Diving competition, this composite and ongoing work could never have been undertaken in 1990, and kept up to date since.

It was due to these excellent records that I received the inspiration to undertake this project, which is dedicated to all those who have, over the years, contributed to and made Masters Diving the great and unique sport we are now enjoying, and which has recently added a new dimension as families are created and the "Next Generation" begins to take form, and our formats continue to evolve, both nationally and internationally.

From the meager beginning back in 1974, we now have a tremendous field of both national and international participants, as witnessed by the Masters Diving Document Index (MDDI), listing over 1886 divers through 2010, from all over the world. Keep up the good work, folks. Live long and prosper. Dive well, and rip "em!

Revised, upgraded, and dedicated to the memory of a truly great diving coach and friend, **Glenn McCormack**, who passed away at the age of 70 in October 1995. Also, in memory of one of the greatest announcers of all time, **Dick Wilson**, whose diving family continues to support and make records in the Junior, Senior, and Masters ranks. Also, in loving memory of **William V. McAlister** and **Patty Fulton**, who passed on in February 1999 and February 2001, respectively. Finally, to **Viola Cady Krahn**, our oldest reigning and living competitor, who passed on in 2005, and still competed at age 100.

Respectfully yours,

Frederick M. "Foxy" Fox

We will list the year and place of each National Invitational Championship and other Masters World events to date, followed by its individual results in numerical order. Also included are the numbers of participants for each championship event (P).
