[Note: These events were first recognized as medal events in 2008 at Perth. **However**, to qualify for a meet or world record, **both divers must be from the same team**. Records are reflected accordingly. Also, under current FINA rules there are no mixed synchro events. Therefore, the above mixed synchro scores were for exhibition only].

- 
- Notes: 1. The meet and events were run very efficiently and on schedule. Congrats to Ron Kontura Jr. for his fine work.in pulling this meet together, and Tony Perreillo for providing the facilities.  
 2. There were some very close contests, some down to less than a point.  
 3. Congratulations to all those who set new meet and world records. See FINA records section in the last pages of the CRV12 doc on the Masters web site.  
 4. The 2014 FINA World Masters Aquatic Championships will be held in Montreal, Quebec, Canada.  
 5. As to this being the 5<sup>th</sup> Pan Am Masters Aquatics meet, there are evidently no records of previous meets which were held in other countries and not otherwise reported due to lack of DiveMeets or other help, few or lack of participants, etc. This being the case, this may be the only one reported for the History Document.
