**TOTAL NEW DIVERS FOR 2014.....107**

**Cumulative totals through 2014 FINA MASTERS Championships ..... 2153**

N=Novice events at USA Masters Nationals.

\*= this persons only counted once as they dived both regular and novice in two separate events.

**Notes:** 1. This supplement represents **new divers** only for **2014** and does not include others already listed through 2014 who may have participated in 2014 and/or prior competitions. See pages 374-391 for these persons. This document will be incorporated into the next MDDD master index. 2. This document will need to be updated after the results of the diving portion of the 2014 9th Pan Pacific Games, to be held at the new Gold Coast Aquatics Center, Southport, Queensland, Australia in November of 2014 are completed. 3. Southport is 30 km south of Brisbane. 4. The age groups begin with 19-24 and end with 70+. The required number of dives for 1M, 3M, and platform are different from the regular FINA World Masters Aquatic age group events, so results and records will vary accordingly. **Therefore**, consider this document unofficially complete as of August 2014 with the end of the 2014 15th World Master Aquatics.

Further Note: Certain divers are listed twice, but only counted once. That is because they dived in both a novice and a regular event in the same year but not at the same time.
