

The diving portion of the Xth FINA World Masters Aquatics Championships was held at the Stadio de Nuoto aquatics complex, Riccione, Italy, June 3-6, 2004. **Tarja Liljestrom**(FIN) was the FINA Masters representative. This competition was held under the new FINA Masters format rules adopted in New Zeland in 2002. Accordingly, new records were set using this format which will be reflected in the records section of the Masters Historical Results document. Approximately 201 divers attended. Due to injuries, several did not start or finish their events. Many of the competitions were extremely close, sometimes down to the tenth or hundreth of a point.

Note: "Any" number of dives means no d.d. limit and theoretically, all dives can be from one group. In the 70+ age groups a dive can be done in the A, B and C positions and count as 3 different dives.[Ed.Note:This format cannot begin to be changed until 2006].
